Five commitments, signed by every contractor and vendor in the TruPoint network.

It runs both ways. The Transparency Pledge is TruPoint's side, signed to the boards and owners we serve, and posted at trupointadv.com/pledge.

THE INDUSTRY PROFESSIONAL PLEDGE

I commit to the following:

1. **Straight answers**
   I report what the building needs, and I say so when it needs nothing.
2. **Fair bids**
   I price the scope as written and win work on price and quality.
3. **The board decides**
   I disclose any relationship that could bear on my bid, and I take owner and resident requests to the board or its manager.
4. **The work**
   I install to the manufacturer's written instructions and current code, follow the scope the board approved, and photograph the work before and after. I keep my insurance and licenses current.
5. **Communication**
   I answer calls and emails promptly and keep the board and its manager updated from bid through closeout.

Join the network.

Contractors and vendors: sign the pledge and list your trades at trupointadv.com.
Boards and managers: ask us who has signed.
